

### Technology Reports

#### Android Application Development in DOCOMO Cloud

Technologies for Further Evolution  
of Osaifu-Keitai Service

– NFC-enabled Mobile Terminals  
and NTT DOCOMO UIM Card –

Advances with Osaifu-Keitai

– Starting Services Supporting NFC (Type A/B)  
on NTT DOCOMO UIM Cards –

Business Expansion to Products  
with Built-in Communication Functions

– Prepaid Plans –

Environmentally-Friendly,  
Disaster-Resistant Green Base Station Test Systems

A study to Achieve High Reliability and Availability  
on Core Networks with Network Virtualization
