

# Facilitate Cost Reduction (2) Network

## Improve efficiency of access network

- Reduce equipment costs
- Use more economical equipment  
(Diversify lineup of base station equipment)
- Reduce engineering entrustment costs

## Improve efficiency of core network

- Convert network into IP-based
- Integrate network equipment
- Expand capacity of network equipment

\* FOMA outdoor base station cost per unit :  
 Total FOMA outdoor base station investment in applicable year (new contraction)/  
 Total no. of FOMA outdoor base stations installed in applicable year
