

FOMA Will Soon Surpass mova in Subscribers

FOMA is appealing to an increasingly broad range of users, thanks to its diverse lineup of products, including the popular 902i Series, stylish 702i Series, Kids' Phones, and Raku-Raku PHONES.

Services that Fit Users

The growing popularity of the 902i Series has expanded the number of people using innovative new services (for ex., i-channel is used by over 40% of customers), and the range of handsets compatible with these services.
