

Improve efficiency of access network

- Reduce equipment costs
- Use more economical equipment
(Diversify lineup of base station equipment)
- Reduce engineering entrustment costs

Improve efficiency of core network

- Convert network into IP-based
- Integrate network equipment
- Expand capacity of network equipment

* FOMA outdoor base station cost per unit :
 Total FOMA outdoor base station investment in applicable year (new contraction) /
 Total no. of FOMA outdoor base stations installed in applicable year
