

## Response to Identification of Chemical Substances Contained in Products

## [Company information]

|                          |  |
|--------------------------|--|
| Date of data entry       |  |
| Company name             |  |
| Department name          |  |
| Address                  |  |
| Name of person in charge |  |
| Telephone number         |  |
| Fax number               |  |
| Email address            |  |

## [Product Information]

|                   |  |
|-------------------|--|
| Product name      |  |
| Kana name         |  |
| Specification no. |  |

| No. | Classification No. | Substance groups   | Inclusion determination based on threshold level |   |
|-----|--------------------|--|--|---|
|     |                    |  | Y  | N |
| 1   | SG006              | Cadmium and Cadmium Compounds                                  | Y  | N |
| 2   | SG008              | Hexavalent Chromium Compounds                                  | Y  | N |
| 3   | SG014              | Lead and Lead Compounds  | Y  | N |
| 4   | SG019              | Mercury and Mercury Compounds                                  | Y  | N |
| 5   | 7440-02-0          | Nickel   | Y  | N |
| 6   | 56-35-9            | Tributyl Tin Oxide (TBTO)                                      | Y  | N |
| 7   | SG035              | Tri-substituted organostannic compounds                        | Y  | N |
| 8   | SG009              | Dibutyltin (DBT) compounds                                     | Y  | N |
| 9   | SG010              | Diocetyl tin (DOT) compounds                                   | Y  | N |
| 10  | 1304-56-9          | Beryllium Oxide  | Y  | N |
| 11  | SG026              | Polybrominated Biphenyls (PBBs)                                | Y  | N |
| 12  | SG027              | Polybrominated Diphenylethers (PBDEs)                          | Y  | N |
| 13  | SG004              | Brominated flame retardants (other than PBBs, PBDEs, or HBCDD) | Y  | N |
| 14  | SG036              | Chlorinated flame retardants (CFR)                             | Y  | N |
| 15  | SG028              | Polychlorinated Biphenyls (PCBs) and specific substitutes      | Y  | N |
| 16  | SG029              | Polychlorinated Terphenyls (PCTs)                              | Y  | N |
| 17  | SG030              | Polychlorinated Naphthalenes (more than 2 chlorine atoms)      | Y  | N |
| 18  | SG022              | Perchlorates   | Y  | N |
| 19  | SG023              | Perfluorooctane sulfonate (PFOS)                               | Y  | N |
| 20  | SG012              | Fluorinated greenhouse gases (PFC, SF6, HFC)                   | Y  | N |
| 21  | SG001              | Asbestos   | Y  | N |
| 22  | SG002              | Azocolourants and azodyes which form certain aromatic amines   | Y  | N |
| 23  | SG021              | Ozone Depleting Substance                                      | Y  | N |
| 24  | SG031              | Radioactive Substances   | Y  | N |
| 25  | 50-00-0            | Formaldehyde   | Y  | N |
| 26  | 3846-71-7          | Phenol,2-(2H-benzotriazol-2-yl)-4,6-bis(1,1-dimethylethyl)     | Y  | N |
| 27  | SG013              | Hexabromocyclododecane   | Y  | N |
| 28  | SG034              | Chloroalkanes C10-13   | Y  | N |
| 29  | 117-81-7           | Bis(2-ethylhexyl) phthalate (DEHP)                             | Y  | N |
| 30  | 85-68-7            | Butyl benzyl phthalate (BBP)                                   | Y  | N |
| 31  | 84-74-2            | Dibutyl phthalate (DBP)  | Y  | N |
| 32  | 84-69-5            | Diisobutyl Phthalate (DIBP)                                    | Y  | N |
| 33  | SG025              | Selected Phthalates Group 2 (DIDP, DINP, DNOP)                 | Y  | N |
| 34  | 624-49-7           | Dimethyl fumarate  | Y  | N |
| 35  | SG041              | Di-isodecyl phthalate (DIDP)                                   | Y  | N |
| 36  | 84-75-3            | Di-n-hexyl Phthalate (DnHP)                                    | Y  | N |

- With regard to "Inclusion determination based on threshold level", if the contained chemical substance does not exceed the established maximum value, please select "No".

- The chemSHERPA-A data format can be used instead of the report format.

- Please submit this sheet promptly as soon as chemical substances contained in the products can be determined.

- Also, please submit this sheet when a specification is created or revised and the contents of this sheet are changed.

If the inclusion determination based on threshold level is "Yes", Please also fill out the details below.

[Contained chemical substance - Detailed information]

| No. | Classification No. | Purpose of use/Intended use | Application area | Maximum content rate in homogenous material (ppm) | Additional information on material composition of products |
|-----|--------------------|-----------------------------|------------------|---|--|
| 1   | SG006              |                             |                  |   |  |
| 2   | SG008              |                             |                  |   |  |
| 3   | SG014              |                             |                  |   |  |
| 4   | SG019              |                             |                  |   |  |
| 5   | 7440-02-0          |                             |                  |   |  |
| 6   | 56-35-9            |                             |                  |   |  |
| 7   | SG035              |                             |                  |   |  |
| 8   | SG009              |                             |                  |   |  |
| 9   | SG010              |                             |                  |   |  |
| 10  | 1304-56-9          |                             |                  |   |  |
| 11  | SG026              |                             |                  |   |  |
| 12  | SG027              |                             |                  |   |  |
| 13  | SG004              |                             |                  |   |  |
| 14  | SG036              |                             |                  |   |  |
| 15  | SG028              |                             |                  |   |  |
| 16  | SG029              |                             |                  |   |  |
| 17  | SG030              |                             |                  |   |  |
| 18  | SG022              |                             |                  |   |  |
| 19  | SG023              |                             |                  |   |  |
| 20  | SG012              |                             |                  |   |  |
| 21  | SG001              |                             |                  |   |  |
| 22  | SG002              |                             |                  |   |  |
| 23  | SG021              |                             |                  |   |  |
| 24  | SG031              |                             |                  |   |  |
| 25  | 50-00-0            |                             |                  |   |  |
| 26  | 3846-71-7          |                             |                  |   |  |
| 27  | SG013              |                             |                  |   |  |
| 28  | SG034              |                             |                  |   |  |
| 29  | 117-81-7           |                             |                  |   |  |
| 30  | 85-68-7            |                             |                  |   |  |
| 31  | 84-74-2            |                             |                  |   |  |
| 32  | 84-69-5            |                             |                  |   |  |
| 33  | SG025              |                             |                  |   |  |
| 34  | 624-49-7           |                             |                  |   |  |
| 35  | SG041              |                             |                  |   |  |
| 36  | 84-75-3            |                             |                  |   |  |
